GUIDELINE FOR COMPANIES REGISTRATION UNDER VOLUNTARY CARBON MARKET (VCM) DIRECTORY ("Companies Registration Guideline")

1.0 INTRODUCTION

- 1.1. The establishment of a Voluntary Carbon Market (VCM) Directory is to fulfil one of the initiatives under the Memorandum of Collaboration (MoC) between Bursa Malaysia Berhad and Malaysian Green Technology and Climate Change Corporation ("MGTC"). The MoC was signed on 20 February 2023. The creation of a carbon industry service providers directory serves as a valuable resource for individuals and organisations in VCM industry by listing Consultants, Validation & Verification Bodies (VVBs), VCM Project Developers and Financial Institutions (FIs), making it easier for interested parties to connect and collaborate. Both the VCM Directory and VCM Handbook are important and necessary tools to scale up Malaysia's carbon credit supply, which is currently at nascent stage.
- 1.2. The registration involves companies that provide carbon consultancy on development of projects under carbon registries (e.g., Verra, Gold Standard, CDM, etc), or project developers, or companies that provide validation and verification services (recognised by carbon registries) or any services under the MGTC's VCM Directory which are subjected to the Guideline and need to be complied by the registered companies.
- 1.3. This application is open to any **local company** registered with the Companies Commission of Malaysia under the Companies Act 2016 [Act 777] which has a registered address and business address in Malaysia as well as any **foreign company** legally registered and has obtained license to operate in its country, subject to the prevailing laws and regulations by the Government of Malaysia.
- 1.4. The company must meet the criteria outlined under clause 3.0, Eligibility Criteria of this Guideline.
- 1.5. Approved company shall be listed under the VCM Directory and will be awarded with VCM Directory Acceptance Letter. The letter is valid until 31st December of each approval year, after which each applicant must renew its application with the annual fee for the following year.

- 1.6. The VCM Directory is accessible at <u>https://www.mgtc.gov.my/vcm.</u> It provides detailed information about companies that offer services such as Consultancy, Validation/Verification, VCM Project Development and Financial Services.
- 1.7. Their status as approved companies can be used as a marketing edge to approach prospect clients that wish to venture into the carbon market in Malaysia.
- 1.8. Prospective Applicant may access this Guideline at <u>https://www.mgtc.gov.my/vcm.</u> MGTC reserves the exclusive right to revise and/or amend the content of this Guideline from time to time without prior notice.
