MGTC Appoints Saiful Adib bin Abdul Munaff as Acting Group CEO

Putrajaya, 12 February 2025 – The Malaysian Green Technology and Climate Change Corporation (MGTC) is pleased to announce the appointment of Saiful Adib bin Abdul Munaff as its Acting Group Chief Executive Officer (GCEO), effective 1st February 2024.

Saiful Adib, who currently serves as Chief Operating Officer (COO) of MGTC, brings extensive leadership in green technology and climate action. His expertise will drive MGTC's strategic initiatives, ensuring the organisation continues to advance Malaysia's transition towards a low-carbon and climate-resilient economy.

Since joining MGTC in 2018, he has led efforts to accelerate climate action and advance green growth through initiatives such as low-carbon cities, low-carbon mobility and green incentives. Saiful Adib also played a key role in shaping MGTC's strategic direction, strengthening its focus on program delivery and financial sustainability.

With over 18 years of experience, Saiful Adib began his career as a Project Engineer at PETRONAS Melaka Refinery in 2007, contributing to a major refinery expansion project. He later transitioned into sustainability roles across various organisations, namely Eco World Development Group Berhad, where he worked on developing Green Standards and provided guidance on sustainable township development.

Saiful Adib holds a Master's in Sustainable Development from the University of New South Wales and a Bachelor's in Electrical and Electronics Engineering from Universiti Teknologi PETRONAS. Under his leadership, MGTC will remain committed to delivering impactful programs and strengthening partnerships to achieve national and global sustainability goals, including Malaysia's net-zero emissions target by 2050.

The board of MGTC is in the process of recruiting the new Group Chief Executive Officer.
