

**LCOS**

MEASURE . MANAGE . MITIGATE

83%

of **consumers** think companies should be actively shaping ESG best practices

91%

of **business leaders** believe their company has a responsibility to act on ESG issues

86%

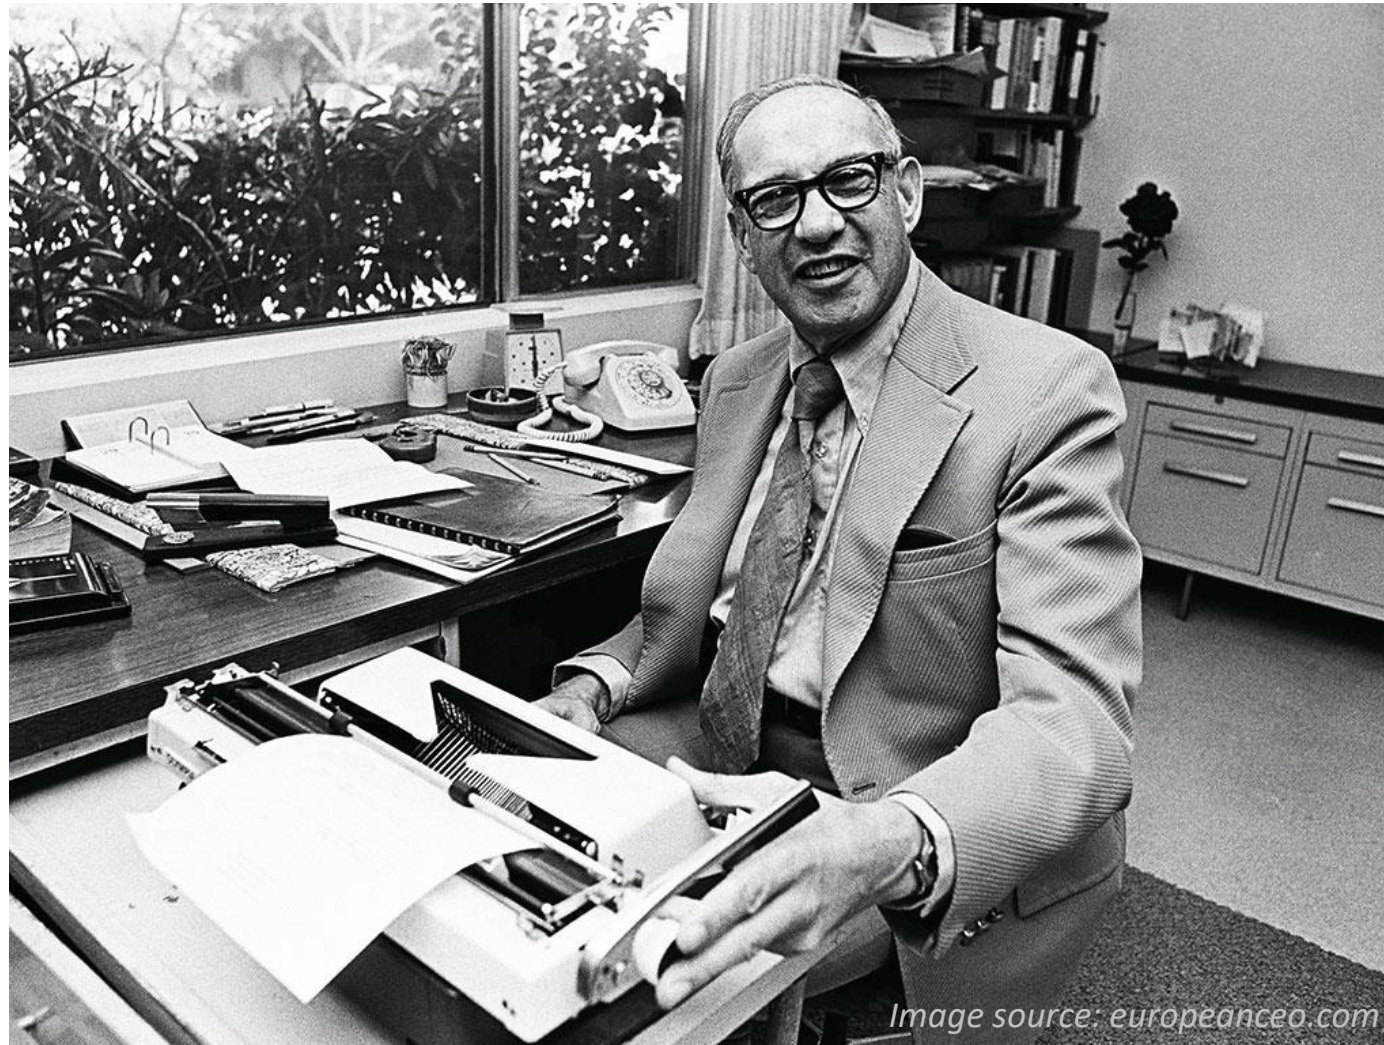

of **employees** prefer to support or work for companies that care about the same issues as they do

Malaysia aspires to  
achieve **Net-Zero GHG**  
emissions as early as  
**2050.**

“If you can't  
measure it,  
you can't  
manage it.”

*Image source: europeanceo.com*

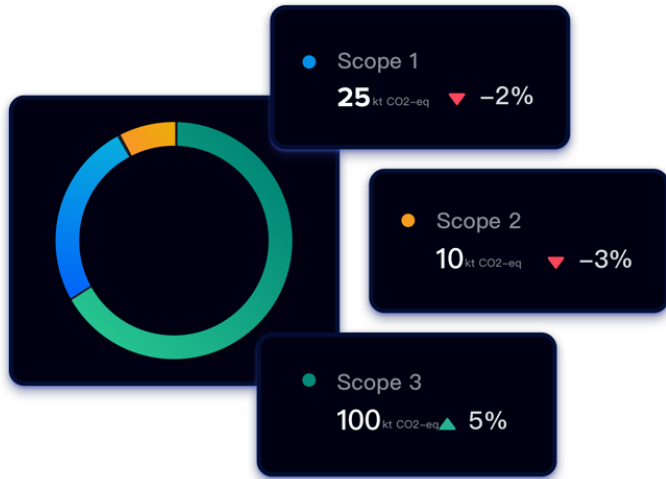

*Peter Drucker, Management Guru*

*If you don't measure,  
then how do you  
know how you are  
doing? How do you  
know if you are doing  
well? Or poorly?  
Without adequate  
information you  
cannot properly  
decide on what  
actions should be  
taken to improve.*

# LCOS

A **cloud** based carbon management platform aligned with globally recognised **standards** for **every company** to **measure** their impact on climate change and **contribute** towards a **net-zero** future.

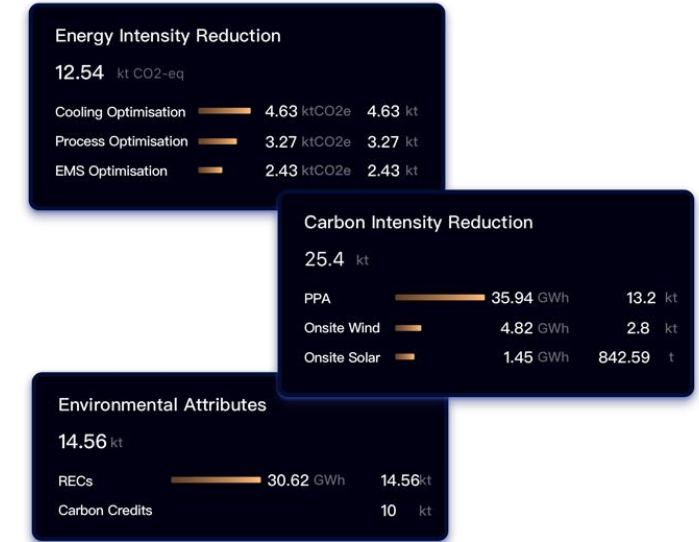

## MEASURE

Measure Scope 1, Scope 2 and Scope 3 GHG emissions across your entire business

## MANAGE

Set targets, analyse monthly performance and benchmark against industry peers

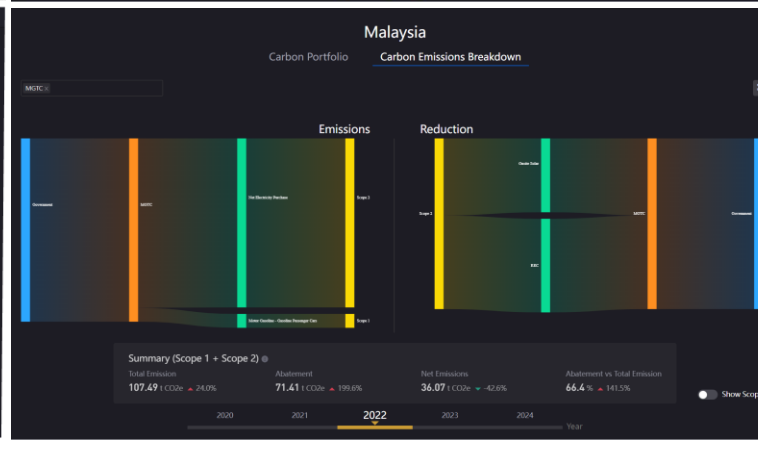

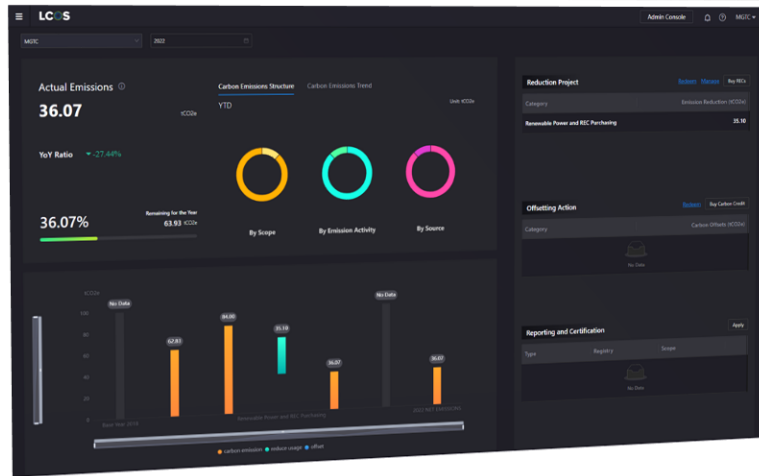

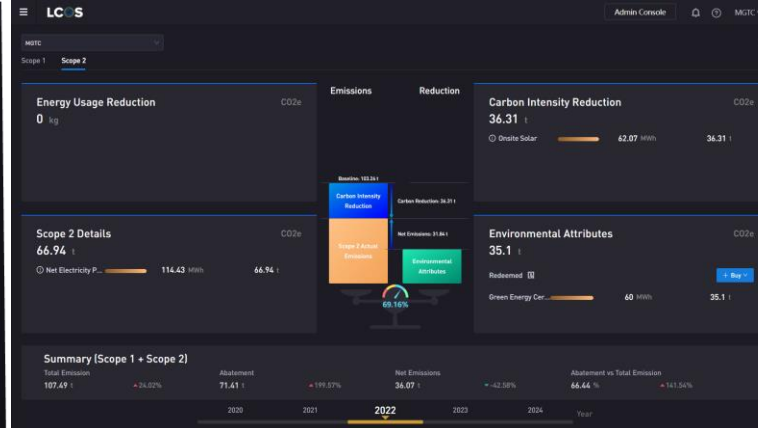

## MITIGATE

Plan and track mitigation action, purchase renewable electricity & certified carbon offsets

# LIVE DEMO
